## **Vision Statements**

### **The Journey**

Engaging with God and sharing His goodness is The Journey's ongoing aim. We desire to have God at the heart of our community, to be a prayerful, worshipping community in rhythm with the heartbeat of God, drenched in the reality of Christ, and carrying His good news. We seek to draw closer in our friendships with one another, to go deeper in our understanding of the Lord, and express his love and goodness to those around us, both within The Journey church community, and within our local area and wider community, sharing the good news with our local community and welcoming people to join our fellowship. The Hub is a vital expression of our outreach into the local area.

### **The Hub**

We want to see all kinds of people gathering together from across the village and beyond. We desire to establish a place where our community will thrive and where the community can join in, have fun, and learn. We want to see people developing meaningful friendships in a thriving village community, and wish to cultivate an environment of wholehearted care for our community in genuine partnership with our neighbours and nature.
